

DOC ERNEST ELLIS
2nd Bn 1st Marines
Fox Company 1966 - 1968

It's been a few years since I emailed the group but I wanted to add some info regarding my dad, Ernest Ellis. Y'all have his name but he was WIA (at least once) on 2SEP1966 in a helicopter crash, received a Purple Heart and was supposed to receive a Bronze Star (story I was told was that when they went to the clinic to give my Dad the Gold Star, he'd already left AMA..pulled out all his IV's and walked back to his unit. This totally sounds like something he would do.) I can't verify the Bronze Star but he has his Purple Heart. Can we update his info? Thanks in advance. Semper Fi (and HOOAH! From this dedicated Army employee!)
